APPLICATION PROCEDURES

3.1 Instructions for first use:

- Spray the shower Buster on all surfaces of the shower and leave on for a minimum of 5 minutes, wipe the surfaces with a damp cloth and if the dirt is very stubborn, reapply.
- Your shower is now clean, wait until the surfaces are completely dry, spray again on the entire surface and allow to dry
- (The Shower Buster, when drying, will leave vertical lines on your surfaces, do not worry, they will disappear when you rinse with water after your shower). That's it, the process is on.
- The duration of protection may vary with use, apply when necessary.
- After each shower, leave squeegee aside, rinse with water only.
